Blueworks BLH Salt Chlorinator- Compatible with Hayward Goldline® salt systems

The same 3 Year Warranty, the same US MADE
cell plate material. No pipe line work needed

FEATURES:

1. Water flow detector
2. Long life time cell 10000-15000 hours
3. Digital display and LED indicators
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning

Model No.	BLH-C 15K/25K/40K/60K
Chlorine Output	20/30/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity/self cleaning
Salt Chlorinator Style	Suitable for In Ground Pool
Unit Gross Weight	Round 11kgs
Unit Size	36.5*27.5*30cm

Models	Pool Size	Replace to Intellichlor
BlueWorks BLH-C 20K Gallon	20,000 Gallon	Compatible to Aquarite models:
BlueWorks BLH-C 30K Gallon	30,000 Gallon	Aquarite 15K Gallon
BlueWorks BLH-C 40K Gallon	40,000 Gallon	Aquarite 20K Gallon
BlueWorks BLH-C 60K Gallon	60,000 Gallon	Aquarite 40K Gallon

Blueworks BLAT Salt Chlorinator

High performance salt chlorinators with Smart chlorinator program and Inbuild timer for pump control
Compatible with Hayward Goldline® salt systems
The same three year warranty, the same US MADE cell plate material.
No pipe line work needed

FEATURES:

1. Water flow detector
2. Long life time cell 10000-25000 hours
3. Digital display, membrane panel
4. Accurate salinity level reading
5. Adjustable chlorine output
6. Super chlorination mode
7. High & low salt indicators & protection (working salt from 2300 PPM to 6500PPM)
8. High & low temperature indicators & protection (working temperature from 50F to 140F)
9. Cell failed indicator
10. Cell self-cleaning
11. Timers function control pump
12. Easy setting design
13. Smart chlorinator program
14. Workable for hot weather area like Arizona, CA, FL.

Model No.	BLAT-C15K/25K/40K/60K
Chlorine Output	20/30/40/60 grams/hour
Salt Level	Ideal 3000-4000 PPM, (2300-6500PPM)
Cell lifetime	7000/10000/15000/20000/25000 hours for choice
Cell Self cleaning	Reverse polarity
Salt Chlorinator Style	Suitable for InGround Pool
Unit Gross Weight	Round 10kgs
Unit Size	35*22*14 cm
Voltage	110V/220 V

Chlorine Output	For pool size	Compatible with Aquarite®
Blueworks BLAT-C 15K Gallon	60 to 75m3/20,000 gallon/75,000 ltrs	Aquarite 15K Gallon
